SHOWERS MUST DRY FOR 24 HOURS AFTER INSTALLATION

PPGM IS NOT RESPONSIBLE FOR WINDOW BEADING IF DAMAGED DURING REGLAZE - CAN BE
 REPLACED FOR COST PLUS ADDITIONAL LABOR CHARGE OR CAULKED AT NO CHARGE

Due to the unknown nature and/or condition of customer provided materials, we are not responsible for any damage to customer's material during the normal, necessary process of removing, replacing or customizing material per customer's request.
 We are not responsible for any customer material left here over thirty days after our notification that it is ready to be picked up. A 50% deposit is due upon ordering, balance is due upon completion of work. Cancellation of the order will result in loss of deposit. Scheduled dates may change depending on product delivery, condition of third party material, weather conditions, etc. Industry accepted tolerances (variance from desire size) are plus/minus 1/2 of the thickness of the glass. Complete cancellation, payment, installation and warranty policies available upon request.
 Installation is under warranty for 1 year from completion date.

PINELLAS PASCO GLASS & MIRROR IS NOT RESPONSIBLE FOR SPONTANEOUS BREAKAGE, BREAKAGE DUE TO THE PRESENCE OF THESE MATERIALS, BREAKAGE DUE TO DAMAGE TO THE GLASS, OR BREAKAGE DUE TO ANY OTHER CAUSE.

Tempered glass may contain matter such as undissolved batch elements, fire brick particles from the glass furnace, and nickel sulfide stones or inclusions. The presence of such matter does not render the glass defective, and normally does not impair the appearance or performance of the glass. Under some conditions, however, such materials may cause breakage, sometimes referred to as "spontaneous breakage". So-called spontaneous breakage may also be caused by damage such as surface or edge scratches, chips, or gouges which may occur after installation.
